# BUILD YOUR OWN SOFTWARE DEVELOPMENT TEAM

Riseup Labs 'is here' to build your offshore/onsite development team with 'top notch' IT staff. No matter how simple or complex the project is; from prototyping to full-scale development of desktop, mobile or web applications, games, testing and system management; we are prepared for every type of resource outsourcing service.

## Why Riseup Labs?

- 13+ years of industry experience
- Qualified professionals having 10+ years of experience
- Provide budget friendly quality service within a short time
- Maintain confidentiality to handle client's information
- Strong international market base
- No hiring charges
- Provide free infrastructure support with dedicated office space
- Tax free business advantage
- Free operation monitoring support by dedicated account manager
- Staff with high english language proficiency

## What Will Change in Your Business?

- Save office space
- Save overall administrative and infrastructural costs
- Save time by conducting online interviews over in person interviews
- Save resource by avoiding search for new team members or having an in-house team

## Resource Hiring Models

- Offshore
- Onsite
- Full-time
- Part-time
- Hourly Basis
- Roster Basis

## What will you get from our partnership?

- ▶ A team with diverse skills and expertise

- QA Expert

- 2D/3D Artist
- ML & AL Developer

**More Skills & Expertise:** <https://riseuplabs.com/expertise/>

- ▶ A flexible business partner who offers cust solutions
- ▶ A trustworthy partner in Asia without large investment or risk

## How will we ensure such a 'dream team'?

We will work closely with you throughout the process and create the desired team in 4 well thought steps:

01

- Understand your need and prepare an integrated list of requirements

02

- Shortlist candidates and forward the candidates' CV to you

03

- Conduct technical interview session and personality test if necessary

04

- Forward the final candidates' CV to you and with your consent, welcome the team
